31% INCREASE IN QUARTERLY EARNINGS

HINGHAM INSTITUTION FOR SAVINGS (NASDAQ – HIFS), Hingham, Massachusetts, announced a 31% increase in second quarter earnings as compared to those of the same quarter last year. The second quarter results also contained dramatic growth in the overall balance sheet.

President Robert H. Gaughen, Jr. announced "Our earnings for the second quarter increased by a very strong 31% over those of the second quarter last year. This increase is primarily attributable to the expansion of our balance sheet. This growth is produced by a flood of consumers and small business customers seeking an alternative to the service levels of recently consolidated regional banks. The current environment in our local market presents an unprecedented opportunity for a responsive community bank."

The net income of \$1,032,000, or \$0.51 per share, for the second quarter represents a 31% increase over the \$786,000, or \$0.40 per share, for the second quarter of 1999. The Bank's total assets as of June 30, 2000 of \$322,618,000 represent an 18% increase over the total of \$273,216,000 on June 30, 1999. Total loan originations of \$47,825,000 during the first six months of 2000 contributed strongly to the 16% increase in the size of the Bank's loan portfolio during the past year. The asset growth was funded by an impressive 16% increase in deposit balances amounting to \$30,486,000 and a \$12,944,000 increase in Federal Home Loan Bank advances over the past year.

Asset quality continued to remain strong. At the end of the first half of 2000, the Bank had no foreclosed properties and no loans in the total loan portfolio were 60 days or more in arrears. Asset quality levels are the best in the Bank's history.

The annualized Return on Average Assets and Return on Average Equity for the first half of 2000 were 1.34% and 14.91% respectively. Book value per share was \$13.54 as of June 30, 2000, and the Bank continued to merit the Federal Deposit Insurance Corporation's highest capital rating with a tier one capital ratio of 9.05%.
