HINGHAM INSTITUTION FOR SAVINGS FEE WAIVER NOTICE

Home Equity lines usually have fees associated with origination. We are offering our product waiving attorney fees, appraisal fees, credit report fees and flood certification fees for most Home Equity lines up to 100,000.00. Home Equity lines that involve an LLC as borrower or title holder of collateral are excluded and will pay all associated fees.

If more than a first and second mortgage is shown to be outstanding of record an additional charge may be made to you to cover the cost of obtaining and recording said discharges. If you choose to have the bank's attorney obtain the same you will be responsible for the payment of any reasonable charges incurred by the Bank's attorney on your behalf.

IN THE EVENT YOU'RE LOAN IS WITHDRAWN

If you withdraw your Equity Loan application prior to closing, you will be responsible for appraisal fees and any other third-party fees incurred on your behalf during the application process. The range of these fees are described in the attached Program Disclosure.

IN THE EVENT YOUR TITLE IS NOT CLEAR

If you are not able at the time of recording to provide a clear title consistent with the affidavit provided to the Bank, you agree to reimburse the Bank for any legal and other out-of-pocket expenses incurred during the origination process.

HINGHAM INSTITUTION FOR SAVINGS
IMPORTANT TERMS OF OUR
INCENTIVE RATE HOME EQUITY LINE OF CREDIT
Prime +0% With 6.50% Floor

This disclosure contains important information about our Incentive Rate Home Equity Line of Credit. You should read it carefully and keep a copy for your records.

Availability of Terms: All of the terms described below are subject to change.

If these terms change (other than the ANNUAL PERCENTAGE RATE) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees that you have paid to us or anyone else in connection with your application.

Security Interest: We will take a mortgage on your home. You could lose your home if you do not meet the obligations in your agreement with us.

Possible Actions: Under certain circumstances we can (1) terminate your line, require you to pay us the entire outstanding balance in one payment, and charge you certain fees; (2) refuse to make additional extensions of credit; (3) reduce your credit limit.

If you ask, we will give you more specific information concerning when we can take these actions.

Minimum Payment Requirements: You can obtain advances of credit for 10 years (the "draw period"). During the draw period, payments will be due monthly. Your minimum monthly payment will be equal to the greater of (1) \$50.00 or (2) the FINANCE CHARGES that accrued on the daily balance for each day in the calculation period, while paying interest only. The minimum payment may not reduce the principal that is outstanding on your line.

After the draw period you will no longer be able to obtain credit advances and must pay the outstanding balance over (10) years (the "repayment period"). During the repayment period, payments will be due monthly. Your minimum monthly payment will equal 1/120th of the balance that was outstanding at the end of the draw period plus the FINANCE CHARGES that have accrued on the remaining balance.

Minimum Payment Example: If you made only the minimum monthly payments and took no credit advances, it would take 20 years to pay-off a credit advance of \$10,000 at an ANNUAL PERCENTAGE RATE of 8.250%. During that period, you would make 120 minimum monthly payments of \$70.07 followed by 120 monthly payments varying between \$153.40 and \$83.92

Fees and Charges: To open and maintain a Home Equity Line of Credit, you must pay the following fees:

Fees to Open Credit Line: You must pay certain third party fees to open a credit line over \$100,000. These fees generally range between \$3,300 and \$5,300. If you ask, we will give you an itemization of the fees you will have to pay to third parties. You will not be charged third party fees if the credit line amount is \$100,000 or less; unless the loan and/or collateral are for an LLC, in which case all third party fees apply regardless of loan amount.

Cancellation Penalty: The loan may be paid in full or in part without penalty. If the credit line is closed within 24 months from the date in which it was opened, and the borrower did not pay third party closing costs at origination, a \$500 cancellation penalty will be charged.

Late Charges: If your payment is received by the bank fifteen (15) days or more beyond the due date, you will be assessed a late charge amounting to 10% of the current principal balance or \$10.00, whichever is less.

Property Insurance is Required.

Checking Account Requirement and Advances: You will be required to open and maintain a checking account at Hingham Institution for Savings. Advances from your Home Equity Line of Credit will only be made into your Hingham Institution for Savings checking account.

Auto Payment Requirement: This Incentive Rate HELOC Program is conditioned upon you establishing and maintaining automatic recurring loan payments from a Hingham Savings deposit account. If you fail to maintain automatic recurring loan payments you will be moved into the Standard Rate HELOC program and the margin applied to your loan will increase by 1.00%. Please review the provided Standard Rate HELOC program disclosure.

Minimum Draw and Balance Requirements: The minimum credit advance you can receive is \$1.00 unless the amount remaining to be borrowed under the credit limit is less than \$1.00.

Tax Deductibility: You should consult a tax advisor regarding the deductibility of interest and charges for the credit line.

Variable Rate Information: The line has a variable rate feature and the ANNUAL PERCENTAGE RATE (corresponding to the periodic rate) and the minimum payment can change as a result.

The ANNUAL PERCENTAGE RATE includes only interest and not other costs.

The ANNUAL PERCENTAGE RATE will be determined with the subtraction (or addition) of a margin with the index. The index is the Prime Rate as published in the Wall Street Journal (if more than one Prime Rate is published, the higher rate will be used) on the first day of the billing cycle (the billing cycle begins on the 5th of each month unless the 5th falls on a Saturday or Sunday or a holiday. In that case, the Prime Rate will be taken from the previous business days Wall Street Journal). Ask us for the current index value, margin, discount and ANNUAL PERCENTAGE RATE. After you open a credit line, rate information will be provided on periodic statements that we will send you.

Limits on Rate Changes: The ANNUAL PERCENTAGE RATE can change each month. The maximum ANNUAL PERCENTAGE RATE that can apply is 18.00%. The minimum ANNUAL PERCENTAGE RATE that can apply is 6.50%. Except for the 18.00% "cap" and the 6.50% "floor," there is no limit on the amount by which the rate can change during any one-year period.

Maximum Rate And Payment Examples: If you had an outstanding balance of \$10,000.00 during the draw period, the minimum monthly payment at the maximum ANNUAL PERCENTAGE RATE of 18.00% would be \$152.88. This ANNUAL PERCENTAGE RATE could be reached in the first month

of the draw period.

If you had an outstanding balance of \$10,000.00 at the beginning of the repayment period, the minimum monthly payment at the maximum ANNUAL PERCENTAGE RATE of 18.00% would be \$236.21. This ANNUAL PERCENTAGE RATE could be reached during the first month of the repayment period.

Historical Example: The following example shows how the ANNUAL PERCENTAGE RATE and the minimum monthly payments for a single \$10,000.00 credit advance would have changed based on changes in the index over the past 15 years. The index values are from July 1st of each year. While only one payment amount each year is shown, payments may have varied during each year. The table assumes no additional credit advances were taken, that only the minimum payments were made each month, and that the rate remained constant during each year. It does not necessarily indicate how the index or your payments will change in the future.

Variable Rate Information: The line has a variable rate feature and the ANNUAL PERCENTAGE RATE (corresponding to the periodic rate) and the minimum payment can change as a result.

The ANNUAL PERCENTAGE RATE includes only interest and not other costs.

The ANNUAL PERCENTAGE RATE will be determined with the subtraction (or addition) of a margin with the index. The index is the Prime Rate as published in the Wall Street Journal (if more than one Prime Rate is published, the higher rate will be used) on the first day of the billing cycle (the billing cycle begins on the 5th of each month unless the 5th falls on a Saturday or Sunday or a holiday. In that case, the Prime Rate will be taken from the previous business days Wall Street Journal). Ask us for the current index value, margin, discount and ANNUAL PERCENTAGE RATE. After you open a credit line, rate information will be provided on periodic statements that we will send you.

Limits on Rate Changes: The ANNUAL PERCENTAGE RATE can change each month. The maximum ANNUAL PERCENTAGE RATE that can apply is 18.00%. The minimum ANNUAL PERCENTAGE RATE that can apply is 9.75%. Except for the 18.00% "cap" and the 9.75% "floor," there is no limit on the amount by which the rate can change during any one-year period.

Maximum Rate and Payment Examples: If you had an outstanding balance of \$10,000.00 during the draw period, the minimum monthly payment at the maximum ANNUAL PERCENTAGE RATE of 18.00% would be \$152.88. This ANNUAL PERCENTAGE RATE could be reached during the first month of the draw period.

If you had an outstanding balance of \$10,000.00 at the beginning of the repayment period, the minimum monthly payment at the maximum ANNUAL PERCENTAGE RATE of 18.00% would be \$236.21. This ANNUAL PERCENTAGE RATE could be reached during the first month of the repayment period.

Historical Example: The following example shows how the ANNUAL PERCENTAGE RATE and the minimum monthly payments for a single \$10,000.00 credit advance would have changed based on changes in the index over the past 15 years. The index values are from July 1st of each year. While

only one payment amount each year is shown, payments would have varied during each year. The table assumes no additional credit advances were taken, that only the minimum payments were made each month, and that the rate remained constant during each year. It does not necessarily indicate how the index or your payments will change in the future.
